

EXCURSIONS, GAME DRIVES AND ENTERTAINMENT IN SUN CITY

SEGWAY – FUNNY AND EASY (Code: SSD01)

Entertaining on a Segway tour of the resort of Sun City for both adults and children older than 10 years. Segway is like a scooter with batteries, which are controlled by the motion of its centre of gravity. By moving your centre of gravity, sensitive sensors Segway catch the slightest change in the position of your body and in accordance with this change the trajectory. To learn the movement techniques on the Segway - it takes just a few minutes. So, if you lean forward, Segway begins to move forward and the more you lean forward, the Segway soon picks up speed, reaching 20km / h. To stop, you will need to be straight. When you lean back, Segway is also moving in the opposite direction. To keep a balance is simple - you just have to stay behind the wheel. Rotation is accomplished by moving the steering wheel to the side in the direction you want to go.

SAFARI IN PILANESBERG GAME RESERVE

SCHEDULED GROUP SAFARI (Code: SSD02)

Daily, early morning or late afternoon, 2,5 hours safari in the Pilanesberg Game Reserve (with a professional ranger).
