

HOOKED ON FISHING

Fishing is a well respected and professionally practiced sport in South Africa. The proximity of two oceans - the Atlantic and Indian, a large number of mountain lakes, reservoirs and rivers greatly expands your options for a possible catch.

Any professional fisherman would for sure have caught some type of tropical ocean fish. Most popular fishing sightings are considered to be the coasts of Durban and Cape Town.

What could be more exciting and relaxing then the time spent on board a boat in anticipation of a BIG catch? And if your catch turns out to be a Marlin or a Sailfish then your adrenalin filled dream of a BIG catch is surely fulfilled!

As the Marlin or Sailfish will bite the bait, your fishing line will test your strength, ringing in the wind and that is when you feel like a hero from the Hemingway's short stories.

All types of fishing is widely practiced in South Africa. Sea fishing, both deep sea and in-shore are possible along almost the entire coast of the country. In addition to saltwater fishing, freshwater fishing is also widely popular. Deep sea fishing would be a preferred sport to those in good physical condition, in search of adrenalin and eager to test his strength and strong-will. It will be a true test to ones' strength to pull out a 100-pound catch from as deep as hundred-meters below the surface – this is worth admiration. Do not worry if you are a beginner. Highly qualified expert will accompany you in this exciting journey, to share their knowledge and expertise, as well as see to your safety. FISHING IN CAPE TOWN

Whether you take fishing as a hobby or as a serious sport, our packages guaranteed to leave you "hooked."

Cape Town - known world-wide for catches like tuna. Vast shoals of sardines and seriola within the local waters attract a large number of predatory fish, seabirds, whales, sharks and seals.

The predominant catch in the open ocean are Yellow fin Tuna weighing up to 80kg or albacore tuna (Long fin Tuna) up to 20 kg as well as Blue shark. Marlin is a prize catch.

Due to variations of winds and currents in these waters, tuna migration is unpredictable. Yellow fin tuna is most concentrated in the coastal waters of Cape Town between March and June, then again late in September and up to end of January. Hence, tuna is available anytime September and June.

Snook fishing is best during the cold winter months.

Lobster is available all year round, so as an added bonus, you will be able to catch some to enjoy for your dinner that evening.

In shore fishing, offers catches such as Seriola (up to 12kg) and Barracuda (up to 10kg). Both catches are exciting as they move in vast shoal, which guarantees spectacular experience and excitement.
